1. MARCH

a. BGBegood mission combined with leaflet drop announcing new schedule for HTGrubby (if authorized by ZRMetal).

b. The search for suitable agent material from sources other than HEPerson will continue.

2. APRIL

a. Land infiltration of Willow Team to WACooing area with the mission of setting up an intelligence gathering network which will assimilate material for HTGrubby's use and deliver it at fixed intervals to a contact within easy reach of the frontier. This team will also attempt to secure friendly contacts and a secure location for the establishment of a permanent W/T operator in the WACooing area. RNDepend, a W/T now in training in LCFlake and from this area is proposed for the mission. He would be infiltrated overland at a later date with members of the Willow Team during one of their return trips. Willow team will remain in KMWaahoo during each successive mission for a period of from 4 to 6 weeks with an interval of 6 weeks between missions, allowing sufficient time for the assimilation and centralization of operational and propaganda material at the pre-arranged collection point.

b. Yarbrough mission will be equipped and staged upon receipt of notification by RNDomine, a W/T now in training at LCDrink will be assigned them as radio operator with the mission of remaining within Waahoo at a base to be designated by this team.

c. BGBegood mission will be staged.

d. Pinetree contact mission to be staged. For further details of the 3 Waahoos proposed for this mission, please see 1099-CAGWU.

3. MAY

a. RNPutlog, together with one or two volunteers are scheduled for a sabotage mission of the power station at Identity (1) with an alternate target the ammunition dumps at (2) or (3), all in the WSCooing area.

b. In the event the former Valuable Scrutiny team is infiltrated, they are to attempt to exfiltrate (4) of DTNetch with them as a result of our agreement whereby we made the services of [ ] available to Valuable in BGBiddy.

c. Final BGBegood mission.

4. JUNE-JULY

a. It is planned to form 2 or 3 small teams of higher calibre personnel than was previously used and infiltrate them by land or sea within Waahoe political and military circles. One or two of these teams will be supplied with a W/T operator.

b. A Coup de Main mission is planned to liquidate (5) for his betraying 3 so-called "Diversisionaries" whom it was claimed were sent to Waahooland from KMULcer. His act of patriotism and the manner in which it was carried out received great publicity over the Lyceum radio and news dispatch. It consisted in his inviting these "Diversisionaries" into his home and sending for the Security Forces who set fire to the house and burned to death these men without allowing them to withdraw or surrender. Identity (5)'s great sacrifice of his house for the cause of the People's Democracy was widely broadcast. We are in contact with two types in QKDimple who are from this area and know (5). They are willing to accept the mission which if successfully carried out should have great propaganda value to both HTGrubby and [ ]

c. [ ] is at present working on a plan to contact a close influential political friend living in the Lyceum area. It is extremely important that the contact be made by someone of some standing and ability, otherwise [ ] feels it will be useless to attempt the mission. He has proposed (6), presently at QKDimple as a suitable candidate. We are forwarding under separate cover a biographical information form on (6) and request operational clearance to use him on this mission which will probably be staged during the month of July.

5. It is hoped that as a result of the [ ] meetings to be held shortly in BGBiddy that Valuable will confirm the statement recently made to [ ] in which [ ] assured him that they are now in a position to carry out the leaflet program for the balance of 1952. However, BGFiend would like to reserve the prerogative for occasional small leaflet drops for special propaganda purposes. These leaflets would be printed on our lithograph machine here and cleared with ZRMetal prior to their printing.

7. [ ] would like to bring to ZRMetal's attention the fact that the above program should be regarded as flexible due to difficulties which may be encountered in the recruiting of suitable agents ✓ and to the changes which may occur within Waahoo itself, or in the ✓ HTCurio-ZRMetal policy towards the country.
